## DATI STRUTTURATI e NON STRUTTURATI

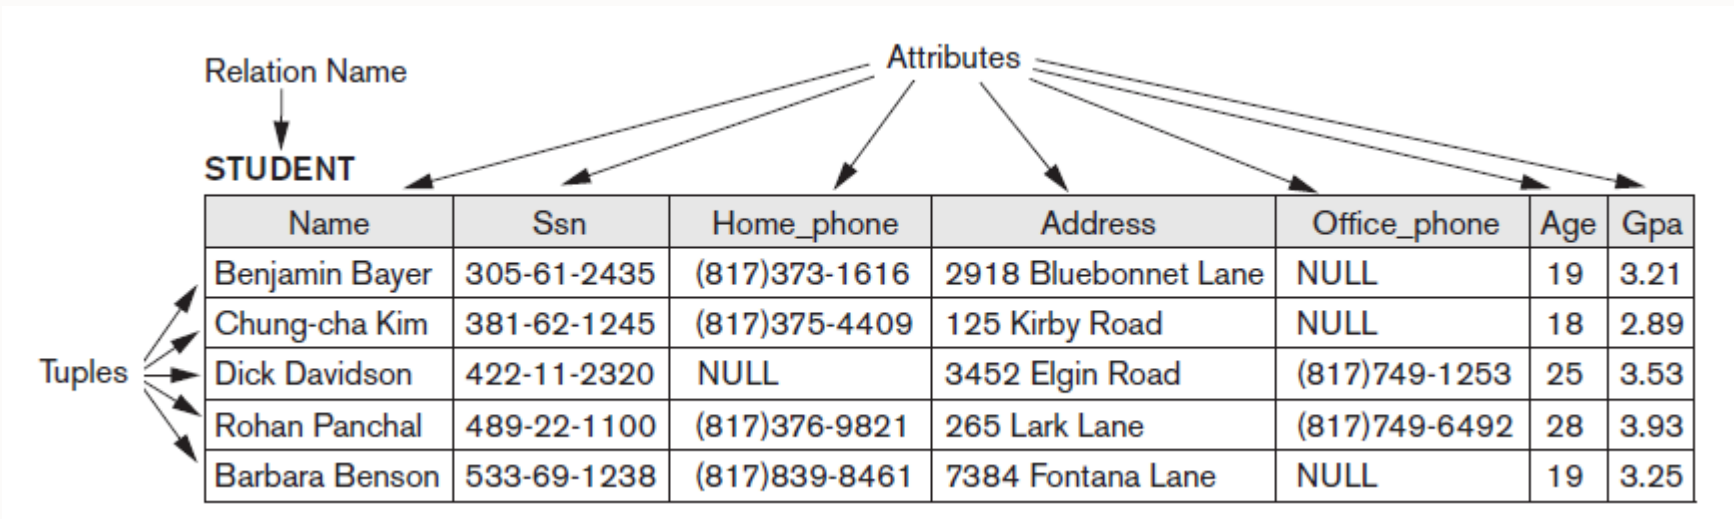

## DATI STRUTTURATI e NON STRUTTURATI

- DATI STRUTTURATI
  - RELAZIONALI
- DATI SEMI STRUTTURATI
  - XML
  - JSON
- ALTRI DATI NON STRUTTURATI

## Modello Dati Relazionale

- RELAZIONE ↔ • TABELLA o **INSIEME DI ENTITA'\***
- ATTRIBUTO ↔ • CAMPO o COLONNA
- TUPLA ↔ • RECORD o RIGA o **SINGOLA ENTITA'\***
- DOMINIO ↔ • VALORI PERMESSI

\* Spesso sia l'Insieme di Entità che la singola Entità vengono chiamate solo Entità e la differenza la si capisce dal contesto

# Modello Dati Relazionale

Una Tabella è una Relazione SE:

1. Non ha Righe nulle
2. Non ha Righe duplicate
3. Non ha Colonne con dati NON Omogenei

I Dati presenti in una Relazione sono definiti DATI STRUTTURATI

Dati Strutturati e Relazione sono sinonimi mentre Tabella ha un significato più generico.

Tuttavia d'ora in avanti parleremo solo di Tabelle che sono anche Relazioni e quindi Tabella Relazione e Dato Strutturato saranno sinonimi

# Modello Dati Relazionale

## CHIAVE PRIMARIA:

Una Relazione può essere individuata da un numero minimo di colonne

Tra tutte le combinazioni minime possibili una combinazione viene scelta come **CHIAVE PRIMARIA**

Codice	Ragione sociale	P.IVA	Città
100	Ristorante "Il Veliero" s.r.l.	01063654771	Roma
101	Hotel "La Rotonda" s.r.l.	02063659782	Rimini
102	Trattoria "Da Mario" s.n.c	03053664773	Roma
103	Ristorante "Il Veliero" s.r.l.	01043654332	Milano

Codice	Ragione sociale	P.IVA	Città
100	Ristorante "Il Veliero" s.r.l.	01063654771	Roma
101	Hotel "La Rotonda" s.r.l.	02063659782	Rimini
102	Trattoria "Da Mario" s.n.c	03053664773	Roma
103	Ristorante "Il Veliero" s.r.l.	01043654332	Milano

In una Relazione si può sempre definire una CHIAVE PRIMARIA!

# Modello Dati Relazionale

## CHIAVE PRIMARIA MULTIPLA:

La CHIAVE PRIMARIA può essere composta anche da più colonne:

Anno	Numero	Ragione Sociale	Importo
2022	1	Ristorante "Il Veliero" s.r.l.	500,00 €
2022	2	Hotel "La Rotonda" s.r.l.	1.000,00 €
2022	3	Trattoria "Da Mario" s.n.c	1.500,00 €
2022	4	Hotel "La Rotonda" s.r.l.	800,00 €

In una Relazione si può sempre definire una CHIAVE PRIMARIA!

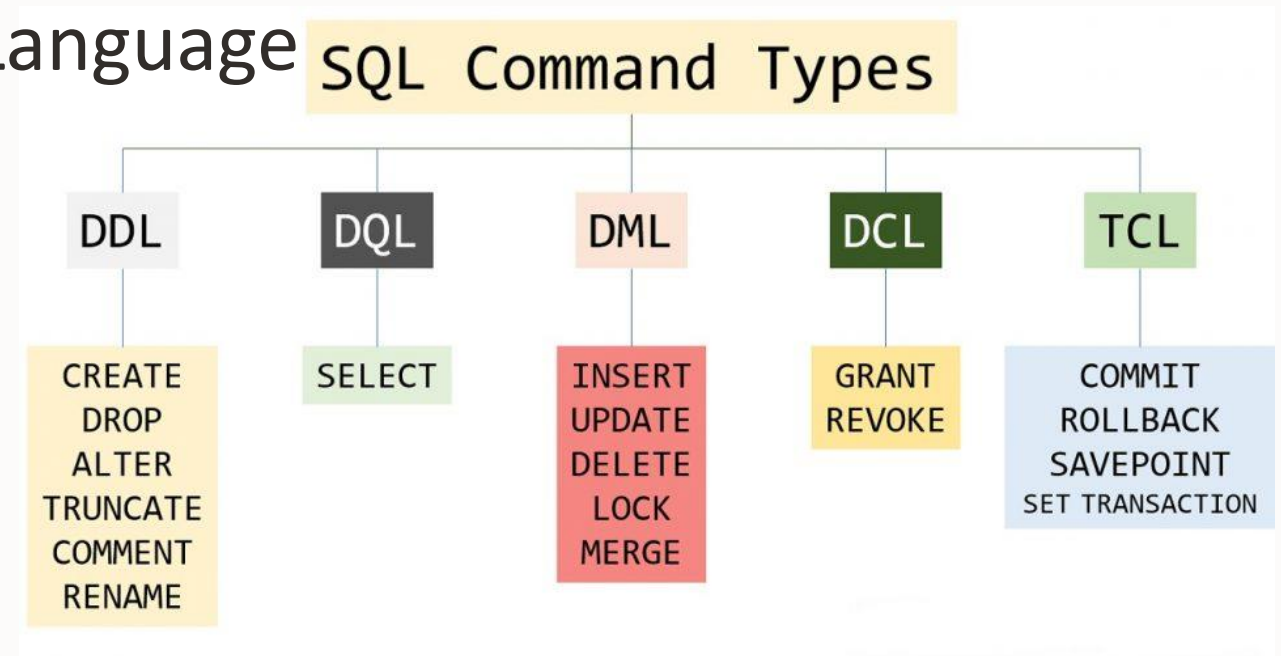

Modello Dati Relazionale – Dove li memorizzo?

RDBMS: Relational DataBase Management System

## Modello Dati Relazionale – Come li gestisco?

- **SQL:**      **Structured Query Language**
- DDL:      Data Definition Language
- DML:      Data Manipulation Language
- DQL:      Data Query Language
- DCL:      Data Control Language
- TCL:      Transaction Control Language

## DATI SEMI STRUTTURATI

- NON CONFORME CON LA STRUTTURA DEL MODELLO RELAZIONALE
- NON HANNO STRUTTURA FISSA
- HANNO STRUTTURA AUTODESCRITTA
- USANO DEI MARCATORI PER INDIVIDUARE DINAMICAMENTE UNA STRUTTURA

# DATI SEMI STRUTTURATI

## XML

```
<empinfo>
  <employees>
    <employee>
      <name>James Kirk</name>
      <age>40</age>
    </employee>
    <employee>
      <name>Jean-Luc Picard</name>
      <age>45</age>
    </employee>
    <employee>
      <name>Wesley Crusher</name>
      <age>27</age>
    </employee>
  </employees>
</empinfo>
```

## JSON

```
{ "empinfo" :
  {
    "employees" : [
      {
        "name" : "James Kirk",
        "age" : 40,
      },
      {
        "name" : "Jean-Luc Picard",
        "age" : 45,
      },
      {
        "name" : "Wesley Crusher",
        "age" : 27,
      }
    ]
  }
}
```

## DATI SEMI STRUTTURATI – Dove li memorizzo?

# Comments

The screenshot displays the APEX App Builder interface. At the top, a notification bar indicates 'Comments page created.' The main workspace shows a page layout with a 'FULL WIDTH CONTENT' region. A 'Comments' component is being added to this region. The right-hand pane shows the 'Region' properties for the 'Comments' component, including 'Title' (Comments), 'Type' (Comments), 'Source' (SQL Query), and 'Layout' (Sequence 10, Parent Region No Parent, Position Body, Start New Row checked). A dropdown menu is open for the 'Type' property, showing various options like 'Interactive Grid', 'Interactive Report', 'List', 'List View', 'Map', 'Reflow Report', 'Region Display Selector', 'Search', 'Smart Filters', 'Static Content', 'Tree', 'URL', and 'Theme Components'. The 'Theme Components' section is expanded, showing 'Avatar', 'Badge', 'Comments', 'Content Row', 'Media List', 'Timeline', and 'Show Legacy...'. The 'Comments' component is highlighted in blue. The bottom of the interface shows a 'Regions' tab with a grid of available components, including Avatar, Badge, Breadcrumb, Calendar, Cards, Chart, Classic Report, Column Toggle Report, Comments, Content Row, Dynamic Content, Faceted Search, Form, Help Text, and Interactive Grid.

Nuovo Componente APEX 23.1  
(Theme Component)

# Comments

The image displays three overlapping screenshots of the APEX App Builder interface, illustrating the configuration of a 'Comments' component within a page.

**Top Left Screenshot:** Shows the 'Page Designer' for 'Application 123'. The 'Comments' component is selected in the 'Body' region. The 'Identification' panel on the right shows the component's source (Local Database, Table / View, Parsing Schema, Table Name: CDS\_VENDITA) and layout settings (Sequence: 10, Parent Region: No Parent).

**Top Right Screenshot:** Shows the 'Page Designer' for 'Application 123'. The 'Comments' component is selected in the 'Body' region. The 'Appearance' panel on the right shows settings for 'Display' (Multiple (Report)), 'CSS Classes', 'Settings' (Comment Text: PRODOTTO, User Name: CLIENTE, Date: - Select -), 'Display Avatar' (checked), 'Style' (Chat (Speech Bubbles)), and 'Apply Theme Colors' (checked).

**Bottom Screenshot:** Shows the 'Page Designer' for 'Application 123'. The 'Comments' component is selected in the 'Body' region. The 'Performance' panel on the right shows settings for 'Lazy Loading' (checked), 'Pagination' (Type: Page, Entities per Page: 15, Show Total Count: checked), and 'Entity Title' (Singular: , Plural: ).

Columns

Order By Item

Enter multiple Order By Clauses that can be picked by end-users. Each can contain one or more comma-separated column names, including directives, to define the order in which records are retrieved.

Directives include:

- ASC - Return records in ascending order.
- DESC - Return records in descending order.
- NULLS FIRST
- NULLS LAST

Examples

Order By Clauses

Clause	Key	Display
PRODOTTO	PRODOTTO	Prodotto
CLIENTE	CLIENTE	Cliente

GZ

Ax4 PrimeGreen Hiking Shoes

90

Quiver-of-one trail shoes. From forest hikes to alpine adventures, these adidas Terrex hiking shoes let you explore high and low, near or far. Their dual-density design merges the comfort of a cushioned trail runner with the stability of a hiking shoe to take on hikes, scrambles and via ferratas. The all-conditions grip of Continental™ Rubber means you can trust the AX4 to get you anywhere you want to go without worrying about your feet.

GX

Box Hog 3

100

Keep your opponents dancing to your tune in these adidas boxing shoes. Built for fast footwork, they have a lightweight mesh upper that hugs your feet for rock-solid stability. Their EVA midsole is softer in the toe and heel but firmer in the midfoot for the perfect combination of cushioning and support. Underneath, a multi-directional Adiwear outsole grips the canvas to help you turn instinct into action.

GY

Cyprex Ultra DLX Sandals

70

Head outside for casual warm-weather hikes. These sandals have comfortable textile straps and a buckle closure for a secure fit. The rubber outsole provides traction on wet or slippery surfaces.

EE

EnergyFalcon X

80

When you dig deep to reach your goals, these running shoes offer the support and stability you need. Every step feels pillow-soft with plush cushioning and an OrthoLite® sockliner for comfort. A flowing TPU heel counter and thin support cage keep the foot centred and stable. The durable outsole is made for logging many miles.

H0

Freerider Pro Mid VCS Mountain Bike Shoes

180

Technical rock garden or flowy berms. You can bomb down the trail in the adidas Five Ten Freerider Pro Mid Mountain Bike Shoes. They combine the legendary pedal control of the classic Freerider with enhanced toe impact protection and a mid-height cuff with D30 inner ankle padding for added coverage. Their Stealth® S1 Dotty rubber outsole grips wet, slippery ground and your pedals for full control on and off the bike.

GX

Grand Court Alpha

70

Sometimes classic is the best answer for the future. These adidas tennis-inspired sneakers ground you in a modern classic while you explore what makes you you. Wear them all day for any occasion.

GY

Kaptir 2.0

85

Running can be as much about comfort as it is about style. These adidas running-inspired shoes have a sculpted Cloudfoam midsole that provides pillow-soft comfort. A knit upper and a bold adidas logo complete the look.

GX

Speedex 18

150

Keep your opponents dancing to your tune in these adidas boxing shoes. Built for fast footwork, they have a lightweight mesh upper that hugs your feet for rock-solid stability. Their EVA midsole is softer in the toe and heel but firmer in the midfoot for the perfect combination of cushioning and support. Underneath, a multi-directional Adiwear outsole grips the canvas to help you turn instinct into action.

GX

SuperNova+ Shoes

120

Energy meets comfort with adidas Supernova+. However far or fast you train, the Supernova+ keeps you pushing toward your goals. Like the Supernova, these adidas shoes ride on a combination of Boost and Bounce. The plus in the name refers to the added Boost in the forefoot compared to Supernova, delivering increased energy return and comfort in every stride. Experience the energy of a comfortable run.

H0

Terrex Agravic Pro Trail

260

No trail is too technical and no terrain too rough for the adidas Terrex Agravic Pro Trail Running Shoes. Full-length rock protection through the midsole lets you move across rugged ground without missing a step. Abrasion-resistant weldings add the durability to handle scrapes and scuffs through rocks and debris. A Continental™ Rubber outsole offers extraordinary traction in wet and dry conditions.

# Ricerca con Facet – Valori Multipli

The screenshot displays the 'Page Designer' interface for 'Applicazione 632'. The central workspace shows a page layout titled 'Prodotti' with various components like 'BANNER', 'AFTER LOGO', 'BEFORE NAVIGATION BAR', 'AFTER NAVIGATION BAR', 'TOP NAVIGATION', and 'BREADCRUMB BAR'. A search bar is visible within the 'BREADCRUMB BAR'.

On the left, the 'Componenti' panel lists the following items under 'Cerca':

- P8\_SEARCH
- P8\_MARCHIO\_ID
- P8\_PREZZO
- P8\_TAGS** (highlighted in green)
- P8\_GENERE

On the right, the 'Facet' configuration panel is shown with the following settings:

- Origine**
  - Colonna di database: TAGS
  - Tipo dati: VARCHAR2
- Valori multipli**
  - Tipo: Lista delimitata
  - Separatore: :
  - Rimuovi spazio vuoto: ☐
  - Combinazione di filtri: OR (unione)
- Valore predefinito**
  - Tipo: - Seleziona -
- Dipendente da**

At the bottom, a toolbar contains icons for various elements: Area di testo, Cambia, Campo di testo, Campo di testo con completa... automatico, Campo numero, Casella di controllo, Editor Markdown, Gestione lista, Grafico di percentuale, and Gruppo di caselle di controllo.

# Ricerca con Facet – Supporto Immagine

The screenshot displays the Oracle APEX App Builder interface for configuring a search facet. The top navigation bar includes the APEX logo, 'App Builder', 'SQL Workshop', 'Team Development', and 'Galleria' tabs. A search bar and user profile are on the right. The main workspace is titled 'Pagina 8: Prodotti' and shows a 'Page Designer' view. On the left, a component tree lists 'Componenti' (Breadcrumb Bar, Indicatore di percorso, Left Column, Cerca, Facet, Body, Barra dei pulsanti, Next, RESET, Risultati ricerca, Azioni, Sort Order, P8\_ORDER\_BY) and 'Successivo al rendering'. The central canvas shows a 'Ricerca pagina' layout with a 'Ricerca' facet. The facet is configured with 'P8\_SEARCH' as the search field, 'P8\_MARCHIO\_ID', 'P8\_PREZZO', 'P8\_TAGS', and 'P8\_GENERE' as filters. The 'Ricerca' facet is expanded, showing 'P8\_ORDER\_BY' as the sort order. The right sidebar shows the 'Attributi' (Attributes) section for the 'Ricerca' facet, including 'Colonna icona' (PRODOTTO\_COD), 'Classi CSS icona', 'Posizione icona' (Inizio), 'Descrizione icona', 'Colonna badge' (PREZZO), 'Etichetta badge', 'Classi CSS badge', 'Supporto' (Formatazione avanzata, Origine, URL, Posizione, Aspetto, Dimensionamento, Classi CSS, Descrizione immagine), 'Prestazioni' (Caricamento lento), and 'Impaginazione'. The bottom of the interface shows a 'Footer' section with a 'Ricerca' facet and a 'Barra dei pulsanti' (Buttons Bar) containing 'RESET' and 'Ricerca' buttons.

GZ

Terrex Swift R3 Gore-TEX

150

Fast on any hike. The Terrex Swift R3 GORE-TEX combines the lightweight design and cushioning of a trail running shoe with the versatility and stability of a hiking boot.

GY

Cyprex Ultra DLX Sandals

70

Head outside for casual warm-weather hikes. These sandals have comfortable textile straps and a buckle closure for a secure fit. The rubber outsole provides traction on wet or slippery surfaces.

GX

Speedex 18

150

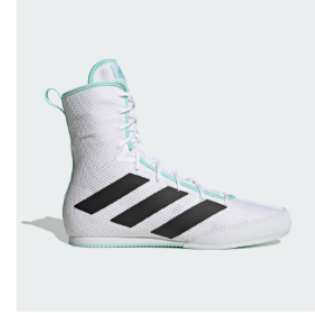

Keep your opponents dancing to your tune in these adidas boxing shoes. Built for fast footwork, they have a lightweight mesh upper that hugs your feet for rock-solid stability. Their EVA midsole is softer in the toe and heel but firmer in the midfoot for the perfect combination of cushioning and support. Underneath, a multi-directional Adiwear outsole grips the canvas to help you turn instinct into action.
